TECHZONE™ Ceiling System Pendant Fixtures

Corelite™
Armstrong® TechZone™ Compatible

Corelite Vertechs Catalog No.: VB-TZ

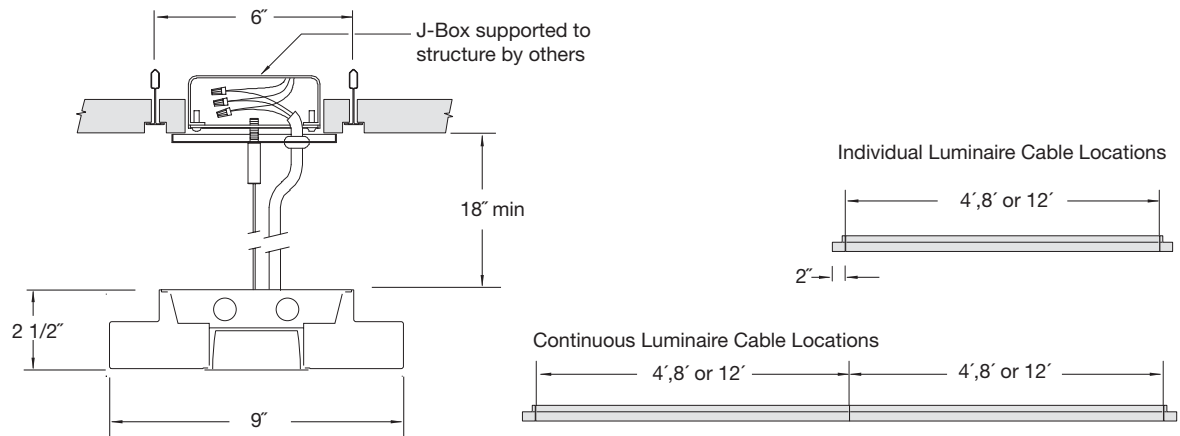

Corelite's Vertechs suspended direct-indirect fluorescent luminaire features a sleek rectangular profile, aluminum construction, a variety of louver options and optional adjustable uplight and downlight optics for evolving interior spaces. Slide-N-Lock optics accessory allows the designer to adjust the amount of uplight and downlight for a particular application.

The Vertechs may be mounted individually or continuously with 4', 8' and 12' modular sections. Luminaires align with Techzone grid system.

The Vertechs is suited for open offices, private offices, conference rooms, reception areas, educational facilities and public spaces.

Corelite Vertechs

Notes: 1. Additional mounting options are available (not shown) that allow mounting on grid; consult your local Corelite representative for more information.
