S-7 Pin

Replacement pin for S-83 and S-84 Scribing Tools.

S-30 Dividers

Features a positive locking device that provides a greater degree of accuracy for scribing. Specially designed for use in straight scribing and pattern scribing. Sturdy forged-steel construction.

S-32 Edge Trimmer Blades

The cutting blade for the S-33 Edge Trimmer. 5/package.

S-33 Edge Trimmer

Designed to trim the factory edge of nonpatterned Armstrong sheet flooring quickly, easily and accurately. Slides on subfloor so material does not have to be lifted for cutting. Sturdy yet lightweight all-metal construction. Has front finger channel for convenience and comfort. One blade designed for faster replacement. Uses S-32 Edge Trimmer Blades.

S-50 or S-53 3" Notched Spreader

Used with S-670 and S-725 Adhesives. Also for spreading any adhesives in areas where a regular trowel will not fit. Packaged 12/carton.

S-51 or S-52 3" Notched Spreader

Used with S-665 Adhesive only.
Packaged 12/carton.

S-65 Heat Welding Nozzle

Use when heat welding
Armstrong flooring with round welding rod.
Especially designed to reduce the risk
of scorching the wear layer when heat
welding PERSPECTIVES, TIMBERLINE,

S-66 Wall Trimmer

Developed by Armstrong
to help the flooring
mechanic cut wall lines
faster, easier and more
accurately than by hand. Works
well with any Armstrong Interflex
and rotovinyl floor covering.
Uses S-100 Notched Blades.

S-77 Hand Roller

Used to roll seams of resilient sheet
flooring, Interflex adhesive areas, wall
base and to smooth hard-to-reach
floor areas. Steel construction for
long service.

S-83 Recess Scribing Tool

For underscribing seams and
flooring against certain types of
metal edgings. Adjustable to all
material gauges. Small, lightweight
and easy to handle. Uses S-7 Pin.

S-84 Scribing Tool—18"

Accurately scribes any width from 2 to 18 inches. Lightweight and made of durable steel. Permits accurate scribing of areas too wide for an ordinary pair of dividers. Uses S-7 Pin.

S-92 Regular Knife

Standard size. Made of fine tempered steel to ensure long wear. Holds cutting edge. Blade curved to make it adaptable to any type of resilient floor installation. Packaged 12/carton.

S-93 Notched Blade Knife

For cutting all resilient sheet flooring. Complete with five S-100 Notched Blades.

S-94 Angled Knife

The handle angles the blade for more comfort and easier cutting (even in tight areas) without leaving burrs. High-impact, lightweight plastic handle. Complete with five S-100 Notched Blades. The S-104 Straight Blades can also be used.

S-98 Straight Blades

Recommended for cutting seams in resilient sheet flooring. Also used for scoring other resilient flooring materials. Fits S-93 Notched Blade Knife. 5/package.

S-100 Notched Blades

Designed especially for cutting felt-backed flooring and other sheet materials. Fits S-93 and S-94 Knives and the S-66 Wall Trimmer. 5/package.

S-104 Straight Blades

Designed for use with the S-94 Angled Knife. 5/package.

S-153 Scribing Felt

A gray cellulosic and synthetic fiber felt that cuts cleanly with a knife or scissors, will not readily break or stretch, and clearly shows all scribe marks. S-153 is lightweight and packed in rolls 36" wide and 50 linear yards long.

S-890 Smooth Edge Trowel

For applying embossing levelers and trowelable underlayments.

S-891 Notched Steel Trowel

Notches are 1/16" deep, 1/16" wide and 3/32" apart on one side. Notches on other side are 1/32" deep, 1/16" wide and 5/64" apart. Front edge is angled to provide easy spreading along walls and fixtures.

S-892 Replaceable Blade Trowel

Uses blades with residential- or commercial-style notching. Includes one standard notched blade, S-893, and one fine notched blade, S-894.

S-893 Standard Notched Replaceable Trowel Blades

For use with S-892 Replaceable Blade Trowel. 5/package.

S-894 Fine Notched Replaceable Trowel Blades

For use with S-892 Replaceable Blade Trowel. 5/package.
