Elevate Your Sense of Style.

Transform that ordinary ceiling into an extraordinary visual statement with the distinctive beauty of Tin Look Paintable Ceilings from Armstrong.

Inspired by the classic beauty of turn-of-the-century metal ceilings, these stylish recreations will turn any room in your home into your favorite one.

In kitchens, foyers or family rooms, these sculptured ceilings are the perfect decorating accent in even the most contemporary décor. From bold geometrics to classic fans, these elegant Tin Look treatments will make a lasting impression, one that leaves no doubt that your home – and your sense of style – are truly special.

The geometric beauty of concentric squares creates a dramatic counterpoint to the bold architecture in this sitting room. Shown: Item 1242 Squares (painted pale gold)

Enhance the look of even the most traditional kitchen with Tin Look ceilings right out of the box. Shown: Item 1240 TinTile (unpainted)

Cover: The height of elegance. Dazzling deco fans flank center diamonds in this popular Tin Look classic. Shown: Item 1241 Fans (painted bronze)

These lightweight, vinyl-coated tiles typically cost a fraction of the price of real tin. They offer a unique, decorative solution that will add style and long-term value to your home.

A selection of styles as distinctive as you are.

12" x 12" tiles available in white only. Colors shown represent painting possibilities.

1240 TinTile™

1241 Fans™

1242 Squares™

1243 Triangles™

Straight out of the box, Tin Look ceilings create a stunning room accent, but the real beauty of this timeless look is what you can do to customize it with latex paint. Indulge your creative side by painting Tin Look ceilings to mimic any metal or match any color. Whether you're in love with metallics or today's light pastels, you can color your world just the way you want it.

Today's new transitional look is perfected in this slate-blue kitchen that mixes contemporary elegance with the antique look of a Tin Look ceiling. Shown: Item 1240 TinTile (painted silver)

Your ideas become reality.™

Tin Look ceilings are fire-retardant and are backed by a lifetime-limited warranty. Best of all, they are made by Armstrong, the name you've come to know and trust for beauty, quality and value for well over a hundred years.

The captivating geometric detail in the Tin Look ceiling adds interest and light to the deep blue tones in this traditional kitchen. Shown: Item 1243 Triangles (unpainted)

The perfect recipe for a beautiful kitchen. Bold accent colors are complemented by the metallic splendor of this painted Tin Look ceiling. Shown: Item 1240 TinTile (painted copper)
